Junior's Fashion Foundation Course

Introduce young creatives to the world of fashion with our Fashion Design for Kids course. This engaging Junior's Fashion Foundation program covers everything from the fundamentals of fashion design to advanced techniques in fabric rendering and print development. Over six months, children will learn about human anatomy, fashion figures, and color theory, while gaining hands-on experience in designing and rendering fashion accessories, denims, and t-shirts. The course culminates in creating a unique fashion garment, guiding kids to turn their inspirations into reality. Perfect for budding designers, this course nurtures creativity and builds foundational skills in kids' fashion design!

- Duration: 6 Months
